## **NORTH SHORE BOARD MEETING NOTES NOVEMBER 7, 2006**

**BOARD MEMBERS PRESENT:** Bill Morris, Nancy Bassler, Jon Williams, Wayne Bartholomee, Brian Siwinski, Teddy Tepper, Fran Kuhne, Bud Jenkins, Denise Larbig, Sarah Ann Parsons

**GUESTS PRESENT:** None

The meeting was called to order at 7:08PM at the home of Bud Jenkins.

**GARDEN CLUB: No Report**

**MEMBERSHIP:** Nancy reported there are no new members.

**ENTERTAINMENT:** The Adult Hayride on Saturday 10/28 was a great success with about 30 people joining in the fun. The children's Hayride and party on Halloween had about 130 participants (per crowd estimators) which included parents and grandparents of the revelers. All met at the Beach 6PM to receive their Glo-Stick necklaces and party fare before going on the Hayride. The event went very smoothly and the trick-or-treaters had a great time.

Next year the Entertainment Committee will explore the possibility of having the Children's Hayride on a separate night close to Halloween. The reason is that the lure of the trick-or-treating results in many of the children getting off the wagon to go house to house for goodies.

The Garden Club disposed of the Hayride straw by spreading it in community gardens and other appropriate garden spots.

**PARK:** Bud has been performing routine maintenance at the Park. He has ordered a chain type basketball net for its durability

**PIER:** The current 4 Ice Eaters are not sufficient to protect the entire Pier Facility from ice damage. A motion was made to buy 6 new  $\frac{3}{4}$  horsepower ice eaters and 4 thermal control units. The Motion was Seconded and carried by a majority vote. These units will be used at the Pier and for the Beach Platform. Estimated cost @ \$3000.00 which is far less then repair costs due to ice damage. The higher horsepower unit will last longer.

**ROADS AND ZONING:** Application for the addition of a garage at 457 Edgewater was received by the board and adjoining neighbors. The application was not complete lacking essential data for any decision to be made by the Board. Jon Williams will contact the property owner detailing what is needed for the Board to render a decision in regards to covenant compliance.

**BEACH:** The area where the tennis court was removed was seeded, fertilized, limed,

strawed, and the grass has filled in nicely. The cost for that work was \$726.00.

**TREASURER:**

Our Association Bank Balances as of October 31, 2006

*General Fund Checking:*            ***\$18,809.17***

*Capital Reserve Account:*        ***\$26,594.17***

**WELCOME:** No Report

**GREATER PASADENA COUNCIL:** No Report

**OLD BUSINESS:** None

**NEW BUSINESS:** None

On October 18, five North Shore Board members had a closed meeting with legal counsel to discuss construction, subject to the North Shore Covenants, that has not been approved by the North Shore Board. Per Maryland Law 11B-111(4) (iii) & (5) (ii). Meetings of homeowners associations or its governing body.

The next North Shore Board Meeting is Tuesday December 5 7:00PM at the home of Brian Siwinski.

Start off your season of GOOD CHEER with the ever popular annual NORTH SHORE Open House.....it will be held December the 15th starting at 6:30PM with the Schell's house!!

Jeff and Lisa Schell invite you to their spacious house on 424 Park Creek road to partake in scrumptious tid-bits of food and drink, with the garden club and friends providing the later and many hands providing the greenery. We will stay there for about an hour and half and then move on over to 1150 Valley Drive and the lovely house of James and Marcia Logan...starting at half past 8 or so with desserts, coffee and more drink. All are invited, come n wear your holiday finery...toast your neighbor and catch up with all the gossip. This will certainly start the season off with a bang. The garden club is asking for help on the decorating, you are all invited to help, just call Jean W 410 255 1090 or Dee F 410 255 1717 and we will put you to work. The decorating committees will be starting around Dec 11th to evaluate and cut greenery...please join in if you can.

If food and drink is your field ...please feel free to bring your favorite dish of finger foods. In former years we have moved the food and wine with the party so if you can't get home in time for the first house, we will see you at the second!

On a Note of **get well soon** Nancy A .....here's hoping we see you up and about after the big holiday rush.....know, you will be sorely MISSED!!!

Homestead Gardens is having a bow making and other Decorating tricks seminar Dec 2nd cost is 10 dollars, if you are interested please call them at 410-956-4777...seems some of the Garden club has already attended one of them....oh just ask them about it.

We are looking into the Dinner Dance for next year so try to keep an open Calendar for March.....

Again the decorating of the street signs starting on Thanksgiving will be a judged event with winners to be announced at the Open House and receiving free tickets to the Crab feast so pick a corner and tell Kristen K at 410 360 2242.

Next meeting of the garden club will be Dec 12 at Jean Williams house 7pm bring a Christmas ornament of no greater value than 10 dollars to exchange ...this will be a very different Christmas exchange, so bring your self, an appetite, the ornament and a very huge sense of HUMOR...see you there.

## Notes from **NORTHSHORE**burbia

Don't think for a moment that North Shore Rd can't be a bit challenging---a neighbor was returning home and a deer jumped into the path of his car—he had no choice but to hit the deer---so be careful when traveling that windy road....and the Big Dumpster day in fact came and went this year, at the Beach---this had to be the easiest dumpster occasion that we have had in some time---the only illegal items were 2 refrigerators and a computer---it took 2 weeks, however, the county finally showed up and removed them---word has it that an east side neighbor located a usable bike in the dumpster and reclaimed it,--*no doubt the original neighbor will be amused when he sees the bike whirling thru the neighborhood.....*and speaking of the Beach, it was gratifying to see that even though we had an extremely high tide recently, the new grass that replaced the tennis court held well with no runoff---The Beach chairman did an admirable job.....and to think that the Beach also played to host to several significant events, *the adult hayride, the kids hayride and Halloween party*---Brian S decided this was to be the year that he would step forward to be the Grand Marshall of the Adult hayride---claimed it was a success with *standing room only* and as they circled the neighborhood apparently several homes were serenaded---you may want to ask him---and he has already volunteered for next year.....and the kids party and hayride was once again a success, with so many costumes and so many ideas and soooo many kids---we offered glow in the dark necklaces as a safety device and 150 were distributed to all—looks as though we had in excess of 100 kids this year and it keeps growing---and so does the flotilla of hayride wagons as well as decorated ATV and assorted other smaller wagons---one neighbor said it looked like a NASCAR sanctioned event this year---Thanks Ty for the big wagon again this year---Darcy W, that was quite a popcorn box you were wearing.....you gotta love some quotes such as, “*When the going gets weird, the weird turn pro*” per Hunter Thompson, or “*My pessimism extends to the point of even suspecting the sincerity of the pessimists*” per Jean Rostand.....and Elaine L just returned from Germany et al as she joined with her daughter Kristin, a **NORTH SHORE** protégé, to see some of the lovelier sights---Kristin is living in Germany for several years.....in the don't want to hear category, “in the San Francisco area scientists have discovered a new oyster which grows up to 9 inches long

and in a variety of shapes...don't know how they got there....and concerned they may threaten the native oyster.”---and closer to home the Waterman's Gazette interviewed residents of Smith Island who said their island is eroding at the rate of 13 feet per year, a bulkhead needs to be installed by the Gov't.....Harry R, is that a new pickup in the drive?—it looks too pretty, most neighbors think it really belongs to Jerri and she just lets you drive it.....and those **NORTH SHORE** Hell's Angels up in the highlands, aka Gene and Cyndy G, seem to be getting rowdier with a new motorcycle under Cyndy--- apparently, buying motorcycles is like the Goldilocks and the three bears story---you need to find the one that is *just right*.....and a first time ever, the entertainment chair and one of the hayride drivers rec'd a thank you note from a new neighbors young son, saying this was the best Halloween ever....and from the campus front, apparently Juli W needed to take a break from studies and attend the Marine Corp Ball in NY—so let us all say thank you to all the **NORTH SHORE** Veterans who helped create and maintain this great country....and don't forget the Garden Clubs Open House Date to be announced in their column, and the Xmas party with Santa this year will be on Dec 17, at 6:00pm this year---

Santa has already been spotted circling  
The days grow shorter, the nights grow longer;  
The headstones thicken along the way;  
And life grows sadder, but love grows stronger  
For those who walk with us day by day.

Then let us clasp hands as we walk together,  
And let us speak softly in low, sweet tone,  
For no man knows on the morrow whether  
We two pass on—or but one alone.

E. Wilcox
